

# Covid-19 Summer Plans

Activities to Begin June 1<sup>st</sup>

- Organized Sports
- Pools
- Restrooms
- Shelter Rentals

## Baseball/Softball

**Recreation League begins practice June 1st with games beginning June 22nd, Team League begins games June 2<sup>nd</sup>, and Adult League begins July 6<sup>th</sup>**

- Maintain a minimum of 6 feet physical distancing when conducting team and individual activities and using restrooms ex. (one at a time using restrooms. Not going as a full team)
- Sanitizer and disinfectant wipes, etc., will be provided to all coaches and use it frequently throughout practice to assist in efforts to mitigate the possible spread of the virus.
- Not attend practices or games if they are ill, displaying signs of illness, deemed high risk, or the most vulnerable to contracting the virus.
- Wear a face mask if they choose.
- Keep at a minimum of sharing equipment; sanitize it thoroughly in between use.
- Severely limit the use of the dugouts, all individual and team equipment will be spaced out at least 6 feet apart along the bleachers and fences. Dugouts and bleachers will be sanitized and cleaned by SPR staff in between each use.
- Team meetings need to be kept to a minimum of 6 feet apart.
- Parents are encouraged to either drop their players off and come back at the end of practice or stay in their vehicle while the practice is going on or enjoy the park while maintain 6 feet physical distancing.
- Do not share food and drinks (i.e. team water jugs.) Instead, use individual water bottles or jugs that are clearly marked with their names.
- Take care of any player injuries as normal. Coaches should keep parent contact information readily available if needed.
- You will have one umpire per field that will call the game from behind the mound.
- When coaches have to be within 6 feet of a player, they will need to wear a mask.
- Spectators at games will not be allowed to sit at the bleachers or around the back stop. They will be made to sit down the side of the fences or out behind the fence in the outfield. Families will need to stay 6 feet apart from other families.
- No seeds or chewing gum.
- At the end of the game, no handshake just shouts from afar “good game” and tip the cap!
- Games will be scattered giving our staff time to clean dugouts and prevent larger crowds.

## SPR COVID- 19 Pool Plan

Opening date: June 1<sup>st</sup>

Signs will be posted to encourage patrons to wash their hands often and cover their coughs and sneezes. Staff will wash their hands often (this is already standard).

Encourage physical distancing:

- Markers will be placed anywhere lines form to reinforce physical distancing requirements; this includes admission, concessions, slide line, and the diving board line.
- Pool loungers will be spaced 6ft apart and will be cleaned often by staff.

Face Coverings:

- Face masks have been bought for all staff (Original Watermen Face Mask). They will be worn when the guards are on deck, helping with first aid, and at the top of the slide.
- Patrons are encouraged to wear a face covering while on deck or in the locker room.

Capacity Max:

- Bather capacity has been figured to allow 6 feet between swimmers.
- Centennial Pool: 12,029 sq ft/36= 334
- Liberty Pool: 11,336 sq ft/36= 314

Signage:

- Signs will be predominately placed at the entrance of both pools.
- Signs examples:
  - Notice Physical Distancing in Practice
  - Signs and Symptoms of COVID-19

Rescue Equipment:

- Lifeguards will be assigned a tube for their shift so they are not sharing tubes every rotation. Guard tubes will be cleaned at the beginning and end of every shift.
- If rescue breaths are needed guards will use a BVM attached to a CPR mask, instead of just a CPR mask.
- We will continue to keep PPE, such as gloves and respiratory mask, well stocked.
- Lifeguards will use gloves and for all first aid situations.

Equipment Modification:

- Equipment such as boards and tubes will be used during swim lessons to avoid contact as much as possible. All equipment used during swim lessons or other programs will be wiped down after each use.

Touch Points and Cleaning:

- Staff will have a cleaning schedule to make sure locker rooms, ladders, and other major touch points are cleaned often.
- Loungers will be cleaned between every use. Extra staff will be on deck to monitor lounge spacing and clean loungers off after uses.

## **Admissions**

- Barriers will be installed between the admissions attendants and the customers.
- Marking will be posted on the ground to show enter/exit, helping patrons keep physical distance.
- Admissions attendants will be required to wear gloves to take money.
- Admissions attendants will NOT hold on to pool passes or any other personal items
- Phone will only be used in case of an emergency, when used staff will clean after use.
- Only the admissions attendant will be answering the phone – in the case of the attendant is busy, the pool manager will answer. The phone will be sanitized daily and/or after each use of a different person.
- The intercom system is to only be used by the admissions attendant and sanitized daily.
- Front counter will be cleaned regularly throughout the day
- Gathering at the front counter will not be allowed. Patrons will be instructed to enter or exit the area.
- Liberty – no one besides the admissions attendant will be allowed back behind the counter. The door will always remain shut and locked. The Pool manager will relieve the admissions attendant in need of a break.
- Cash registers will be wiped down after each shift.
- Lost and Found is to be stored in it's own 3 tiered drawer. Towels, undergarments, and socks will NOT be kept. Other clothing items will be kept for a week before tossing them.

## **Concessions**

- Employees must wear proper masks while in the concession stand (provided by SPR).
- Employees must wear gloves while serving food (this is already standard).
- Employees will wash hands frequently for at least 20 seconds (this is already standard).
- One employee will wear gloves and take money while others serve food. If employee needs to switch on cash register, they must dispose of their gloves and wash their hands before switching tasks.
- A limited menu will be served – no hot dogs or sno cones will be served. Only pre-packaged foods will be served except for soft pretzels. Pretzels will be cooked in their designated enclosed case.
- Barriers will be installed between the concession's attendants and the customers.
- Front counters will be cleaned regularly throughout the day
- Cash registers will be wiped down after each shift.
- No other staff or patrons will be allowed into the concession area. This includes pool managers, lifeguards, friends, umpires, etc. If someone needs something, they can go to the front window. Doors to the concession stands will be locked and shut at all times. If someone needs to get in, they will have a key.
- Umpire's gear, balls, lost and found etc. is to be stored in the back of the ballfield concession area or in the designated cabinet (south stand has a cabinet)

## **Special Events/Programs**

- Employees will be required to wear masks, Patrons are encouraged.
- Programs will have a limit of participants and encourage physical distancing.
- We will have sanitizer available for participants to use
- Crafts will be kits that will have everything in them for participants to minimize sharing of supplies.
